

Declaration of Conformity

Manufacturer's name: **Rig Expert Ukraine Ltd.**
Manufacturer's address: **Yakira str, 17A, Kyiv, Ukraine, 04119**
Authorised representative's in Europe name: **KMK UK Limited**
Authorised representative's in Europe address: **37 Stanley Av., Barking, Essex, IG110LD, UK**

Product Description: **USB Transceiver Interface**
Model number: **RigExpert Standard**
Product options: **This declaration covers all options of the above products**

We hereby declare under sole responsibility that the product conforms to the provisions of the Electromagnetic Compatibility (EMC) Directive 2004/108/EC and carries the CE marking

Conformity is proven by compliance with the following standards:

<i>standard</i>	<i>limit</i>
-----------------	--------------

Standards: Emission:

EN 61326-1:2006
EN 55011:2007 (CISPR 11:2003)

Class A
Group 1, Class A

Immunity:

EN 61326-1:2006
EN 61000-4-2:2001

EN 61000-4-3:2002

4 kV Contact Discharge,
8 kV Air Discharge
1 V/m, 80% AM, 0.8-2 GHz;
1 V/m, 80% AM, 2-2.7 GHz

Supplementary information:
This DoC applies to above listed products placed on EU market after: 01-Nov-2012

The Technical documentation is kept at the following address: 37 Stanley Av., Barking, Essex, IG110LD, UK

RigExpert Standard

RigExpert Standard

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.
